

Mary Our Queen Early Childhood Education Programs 2021-2022 School Year

At Mary Our Queen, each child is recognized for the special God-given gifts and abilities he or she brings to the classroom. Our hope is to nurture students' awareness of God's love and provide experiences that deepen the joy found in exploring the wonders of the world created by our loving God.

Our Early Childhood Education programs offer families a variety of choices designed to meet the unique needs of each student and family. We know preschool children must learn through playful interaction with their environment, and our facility is designed to encourage collaboration, imaginary play, movement and exploration for young learners.

Mary Our Queen Preschool and Prekindergarten programs use the Nebraska Department of Education Early Childhood Learning Guidelines and the Omaha Archdiocese Preschool Curriculum as its foundation. Experienced and certified teachers build on this foundation with the goal of keeping every child challenged while enjoying learning. Additionally, our programs incorporate the Catechesis of the Good Shepherd into the weekly religion lessons. The curriculum contributes to all aspects of the child's physical, social, emotional, spiritual and cognitive development.

Come and experience what a warm and supportive Catholic community can offer your family. We are excited to offer the following preschool and pre-kindergarten options.

PRESCHOOL PROGRAMS

The two, three and five day MOQ Preschool programs provide students the proper balance of developmental activities and academic learning within a faith-filled and play-centered environment. Early childhood endorsed and experienced teachers personalize learning for students with a focus on developing social and emotional skills, confidence, and a love of learning. MOQ Preschool creates lifelong learners by nurturing creativity, imagination and curiosity.

PRE-KINDERGARTEN PROGRAMS

The MOQ Pre-Kindergarten program is designed to ignite a love of faith and learning and provide an unparalleled academic experience for our students. Our Pre-K program is grounded in early childhood development research and focused on cognitive, social, physical and spiritual growth. Early childhood endorsed teachers create hands-on learning experiences that deepen a child's confidence and nurture kindergarten readiness skills through play, with a focus on specific academic goals. Our students emerge as happy, confident learners ready to succeed in Kindergarten.
